

LOS ANGELES COUNTY WATERWORKS DISTRICT NO. 29

BIG ROCK BYPASS IMPROVEMENTS

Scope:

Construct a 1,500-foot bypass for the region's main line. The bypass will consist of three parallel pipelines in PCH to preserve the integrity of the Malibu water supply and prevent water leaks in the loose soils below PCH at Big Rock.

Location:

City of Malibu — Along Pacific Coast Highway between Big Rock Drive and Tuna Canyon Road near Pena Road.

Benefits:

Improve water quality, system reliability, and protect the health and safety of existing customers.

Status:

Design phase

Construction:

State Date - January 2026
